Young Men Sacrifice Cuticle for a Pretty Girl.

HELP FOR A VICTIM OF THE RAIL

A Well-Meaning Citizen's Attempt to Improve Teamsters' Morals-Terrible Fall of a Little Girl About as Terribly Arrested-A Diver's Supply of Air Cut Off-Reported Marriage of a Rather Noted Young Chicago Woman.

DAYTON, O., Sept. 7 .- A remarkable case of skin-grafting is in progress here. Miss Mary Gram is the subject of the physician's skill, and nine young men, friends and acquaintances, including the physician himself, are the contributors of the cuticle required to save the right foot of the youg lady, who is the last to recover among those who were injured in the wreck of the National Cash Register company's excursion train at Middletown July 25. In the wreck the flesh was almost completely torn from the under part, sides, and heel of Miss Gram's foot.

Each Contributed a Square Inch.
It was at first thought necessary to amputate the injured member, but as it showed evidences of healing if nature could but be aided it was determined to resert to the skind of the state of the skind of the resort to the skin-grafting process. Each of the young men volunteered to sacrifice one square inch of his cuticle, and Satur day the operation was performed. The pieces of extraneous flesh are taking hold, and it is believed that the operation will rove successful, and an accomplished young lady thus be saved from being a cripple for life.

THE BOCTOR MEANS WELL,

But the Wrathy Teamster Will Probably Cuss Right Along.

RUTLAND, Vt., Sept. 7.-Two men are now hard at work cutting the Loru's prayer in letters an inch deep and six inches high on the face of a big rock on the Bristol road. The rock is as big as a house and stands at a bend in the road which here takes a sharp turn and goes up a steep hill. It is about the hardest place in Vermont for a team, and in the season when teaming is liveliest there is more cussing there every day than any-where else in Vermont. It is possible that Dr. Green's idea is to furnish the drivers with some new quotations. He was brought up in that vicinity.

Perilous Predicament of a Diver. MUSKEGON, Mich., Sept. 7.-A shocking accident occured to Abe Sanquist, a marine diver, who was at work on the government piers here Saturday. While in twenty-five feet of water the air-tule broke at its connection with the air-pump, and he was without either a life line of signal cord. He managed to crawl to the surface on a ladder, and was taken from the water. His head and shoulders were within the belimet and cape and blood was gushing from his eyes, ears, and nose. His face was swollen and be youd recognition. He became unconscious after reaching the surface, and lies in a critical condition.

Old Folks Should Breathe Easy Now. MILWAUKEE, Sept. 7 .- A special to The Journal says: The authorized announce ment of the marriage of Miss Gertrude Potter, of Chicago, to F. Lee Rust, son of a wealthy Eau Claire lumberman, has just been made here. The pair were mar ried on the quiet at Geneva lake June 6 and soon after left for Europe, where they are now. The parents of the contracting parties are yet ignorant of the union and planned to formally celebrate the rites this fall. Miss Potter has gained no little notoriety on account of an early affair Ladies' Seal Plush Jackets worth \$13 75 with a Chicago newsboy, which was de-clared off by her parents.
